Memory Match

Set up
1. Print out two copies of each card and cut out cards.
2. Place all cards face-down in the center of the table.

How to play
1. On your turn, turn over any two cards to try and make a match. Read aloud the sight word on the cards carefully to make sure that they do match.
2. If you find two matching cards, put the pair in front of you and take another turn. Read aloud the sight word on the cards carefully to make sure that they do match.
3. Your turn continues until you do not find any matching pairs.
4. It is then the next player’s turn.
5. Play continues around the table with each player trying to collect as many matches as they can.
6. The player with the most matches wins!

Fishing for Sight Words

Set up
1. Print out at least two copies of each card.
2. The dealer deals out 6 cards to each player.
3. The rest of the cards are spread out in the center of the table with the sight words face down.

How to Play
1. All players look at their hands to see if they have any matching pairs. If they do, they take the pairs out of their hand and lay them on the table in front of them.
2. The player to the left of the dealer goes first.
3. On your turn, ask any player if he has a sight word card that would match one of the cards in your hand. For example, the player would ask, “Jake, do you have a card with the sight word they?”
4. If the player has the card, he gives it to you and you put the matching pair face up on the table in front of you. Take another turn.
5. If the player does not have the matching card that you requested, he says, “Go fishing”, and you must draw a card from the center of the table.
6. If the card that you pick matches a card in your hand, you may place the matching pair face up on the table in front of you and take another turn.
7. If the card does not match another card in your hand, your turn is over and it is the next player’s turn.
8. Play continues until one player uses up all of his cards.
9. The winner is the player with the most matching pairs of identical sight words.
